

## Anomaly

Players may choose to discard a card from their hand, then instead play the top card from the deck.

## Awareness Itself

At the beginning of each *AI* turn, *AI* reveals 1 card from their hand.

## Decay

At the beginning of the encounter, players will exchange one card from their hand with the *AI*.

## Fool

Instead of drawing, the *AI* plays the top card of the deck.

## Frequency

Players must draw half their encounter cards, rounded down, face down, and not reveal them until played.

## Journey

All *Personi* cards are debuffed

# Polarity

Each player draws one extra card face down. Once during this encounter, each player may swap the trump card with their face down card.

# Shamash

When this is revealed, the AI will state a suit (choose one at random if playing in-person). Players must return all cards of that suit back to the draw pile.

# Siren

Each player must exchange one card from their hand with a player to their right.

# Timeform

Players may opt to discard a card to instead play the bottom card of the deck.
